

# It's much more than a church building, it's about building our church

“Since moving to our present location, we have been blessed immeasurably by God’s mighty hand. We enjoy a sweet fellowship as a body of believers, and a common goal in spreading the Gospel. A commitment to preaching and teaching God’s Word, and the desire to show the love of Jesus Christ to others has resulted in an increase in attendance at Fairmount, but more importantly an increase in God’s Kingdom.

“We need to expand our facilities in order to meet the needs of this growth, as well as provide an opportunity for more to come. The plans are in place and we are ready to begin. We endeavor to do the will of God, and we ask you to pray for His leading as we move forward. Praise God from Whom all blessings flow.”

- Ray Butler

*Chairman, Fairmount Forward Again*

*This is the plan for the upper floor of the old gym.*

This expansion will approximately double our existing space, from 25,000 square feet to 49,000 square feet. We have also been careful to maintain a consistency in design with our existing facility so that when the expansion is complete, our building will look like a cohesive unit, and not a collection of mis-matched additions.

Some of the major benefits will be:

- More room for our robust and expanding Sunday School Program.
- An expanded, less congested central entry way.
- A larger Family Life Center (gym), that includes a stage.
- Larger youth facilities.
- Better Audio/Visual facilities in the sanctuary and in the new stage.
- Expanded restrooms throughout, including new restrooms with showers for both men and women in the new Family Life Center.
